Good morning, good evening, good day. I</p> <p>8 hope you all are with me. I was just in the middle of</p> <p>9 a live -- we had about 800 people live with us,</p> <p>10 getting ready to ramp up, and like most of my lives</p> <p>11 that I do now, you get about eight minutes and it gets</p> <p>12 completely shut off. So I bet this happens again. I</p> <p>13 want you all to set your timers. Let's see how long</p> <p>14 it takes before we get shut down this time. You know,</p> <p>15 it's a miracle and a blessing that we still even get a</p> <p>16 chance to come to you all right now in a world where</p> <p>17 ignorance, stupidity, and censorship have really</p> <p>18 collided and combined on a whole different level.</p> <p>19 So for those of you that don't know me, I'm</p> <p>20 Dr. Eric Nepute, commonly known as the "Wellness</p> <p>21 Warrior," have been for a long time. And I'm just all</p> <p>22 about the truth, the whole truth, and nothing but the</p> <p>23 truth.</p> <p>24 So I wanted to take a couple minutes and</p> <p>25 share with y'all what's really going on. I think a</p>

1 (Pages 1 to 4)

<p style="text-align: right;">5</p> <p>1 lot of you already know this, but I need you guys to 2 help me. We literally just got shut off again. I 3 just did a video and we have full bars, full strength, 4 full power, full everything. We're ready to rock and 5 roll, but we're going to get censored. So I want you 6 guys to share this video, hit that share button. Let 7 me know where you guys are watching from and let's 8 have a conversation. 9 I was just talking about, you know, all the 10 deaths and how the deaths were completely -- well, 11 they've been fabricated and they've been pushed and 12 they've been -- you've been lied to. The CDC's 13 numbers clearly come out and say it. You know, it's 14 crazy. 15 Hey, Tina. 16 Anybody -- was anybody on with me earlier, 17 just a couple minutes ago, whenever I got completely 18 shut down? Who was with us a few minutes ago when we 19 did that? 20 It's just embarrassing. It's so sad. 21 People need to wake up and realize, you know, what's 22 going on. I had somebody on the first live that we 23 did just a little while ago ask a question of why 24 don't more doctors stand up and tell the truth. Well, 25 they can't. I mean, we're -- we've got literally</p>	<p style="text-align: right;">7</p> <p>1 don't want you to hear the truth. They don't want you 2 to hear the messages that we've got or other doctors 3 like myself have. I've already made mention of that. 4 So I want to get back to the point, what I'm 5 saying to you is that you're being fear-propagated 6 into obeying. And that's what -- that's what this 7 whole thing has been about. They wanted to control 8 you. They found out how many of you they can control. 9 Now they're like, cool, let's double-down on it. 10 So let me just say -- here's what I want you 11 guys to hear. I got to publicly talk about this. I 12 can't say this person's name, but he's allegedly going 13 to become the President very soon. If I say the name, 14 I'll get shut off social media. So I'm going to speak 15 in code a little bit every once in a while. 16 Hello, Jersey. Hello, New York. I see you 17 all. I do. I see you all, Pittsburgh. I see 18 everybody there. I love and appreciate you all more 19 than you know. Hit that share button. Hit that share 20 button. 21 Nick and Amanda, are you a doctor or a 22 chiropractor? I'm both. I don't know why that's 23 confusing to people, you know. And here's another 24 thing. Can I say this? Let me just -- let's cover 25 this topic right now. The problem that people have is</p>
<p style="text-align: right;">6</p> <p>1 millions of people that follow us and we can't get a 2 Facebook live out to save our lives. 3 That's why we're telling everybody you got 4 to go to our platform and go to freevitamindeals.com, 5 freevitamindeals.com. Go there and register. Sign up 6 for our newsletter and email. We send out one or two 7 emails a day to millions of people with all this 8 information of the truth because we have our own 9 servers and platforms there. We don't -- we don't 10 have to -- we don't have to deal with the Communist -- 11 oh, I just said a word that's going to get me 12 censored. Watch, by the way. Somebody tell me how 13 long before it starts freezing and shutting down. 14 But let me just get right into it. So here 15 we go. Hello everybody in Florida. Hello everybody 16 in Wisconsin, Switzerland. Guyana is in the house. 17 We've got -- hello, good morning, New Delhi. How are 18 you in New Delhi? Hope you guys are good. Illinois, 19 I see you there. Michigan, Virginia, Wisconsin. West 20 Virginia's in the house. Texas is in the house. I'm 21 in the great state of Texas right now as well. 22 Listen, if you guys have any questions, let 23 me know. I know -- Chrissy, I know in Wisconsin I 24 keep getting cut off. It's actually comical that I 25 keep getting cut off. But the reason why is they</p>	<p style="text-align: right;">8</p> <p>1 that we believe that -- that degrees and letters 2 behind or in front of someone's name determines their 3 level of education. There's a guy on TV known as Tony 4 Fauci, who is a doctor, but doesn't sound, act like 5 one, talk like one. This person surely doesn't have a 6 clue of how the immune system works, but yet the whole 7 world listens to what he has to say. 8 There are many, many, many types of health 9 care providers that are highly educated individuals 10 that are not the type of doctor that you would think 11 you would hear from. There are also many, many, many 12 doctors that are virologists and immunologists that 13 are not very bright individuals. Just because 14 somebody went to school and got some letters behind 15 their name doesn't mean that they're very smart. 16 Remember this, and I say this all the time, 17 God may have created all men and women equal, but 18 definitely not all doctors. And that's for darn sure. 19 So let's talk about this plan that this 20 individual has that's based off of fear and for 21 getting you to obey what they want you to do. And 22 please don't forget to share this and go to 23 freevitamindeals.com. That's freevitamindeals.com. 24 Because, well, they're going to suppress -- this video 25 is going to get shut down in just a minute, okay? So</p>

<p style="text-align: right;">9</p> <p>1 the truth will set you free if you let it. That's</p> <p>2 what the Bible says. You're totally right.</p> <p>3 Well, here you go. There's a plan that's</p> <p>4 laid out on the table, that was just laid out earlier</p> <p>5 this week, that's going to take effect. If this</p> <p>6 individual becomes President of the United States, the</p> <p>7 first 100 days, he wants to put 100 million vaccines</p> <p>8 in the arms of Americans. Well, he said that he is</p> <p>9 going to have to move heaven and earth to do this.</p> <p>10 Well, I believe that's a very biblical thing. That is</p> <p>11 a very biblical thing. That is not just a metaphor.</p> <p>12 There is no question in order to do that, that is good</p> <p>13 versus evil, and on a whole different level. On a</p> <p>14 whole level.</p> <p>15 And if you want to hear more about that, you</p> <p>16 guys have got to go to freevitamindeals.com. That's</p> <p>17 our website. It takes you back where you can go and</p> <p>18 register for our newsletter. Hit that share button.</p> <p>19 Now, listen, there's a \$1.9 trillion plan</p> <p>20 that's been laid out by this gentleman. And what it</p> <p>21 is, it's supposed to stop the virus and steady the</p> <p>22 economy. All right. Well, here's what I'm going to</p> <p>23 say. We're fighting an -- an invisible enemy right</p> <p>24 now because it's not real. It's not real. The CDC</p> <p>25 has come out clearly again and said that less than 6</p>	<p style="text-align: right;">11</p> <p>1 \$200 for a blanket or \$100 for a Tylenol? Are you</p> <p>2 kidding me? We need real health care reform and</p> <p>3 that's putting health and care back into health care.</p> <p>4 We're just not there right now.</p> <p>5 So here you go, guys, check this out. Hit</p> <p>6 that share button and tag people because they're going</p> <p>7 to want to hear this.</p> <p>8 Here's the deal. So they want 100 million</p> <p>9 vaccines in the next 100 days of, you know, the</p> <p>10 presidency coming up. Well, how do you do that?</p> <p>11 Well, there's only two ways you can do that. Really,</p> <p>12 actually, there's three. Number one, it has to be</p> <p>13 fear propagated, so people will only obey if they're</p> <p>14 scared. People are moved away from pain and towards</p> <p>15 pleasure.</p> <p>16 So how are we going to move them away from</p> <p>17 pain? Well, everybody thinks that if they get this</p> <p>18 vaccine, they're not going to get infected when the</p> <p>19 research really clearly states that it doesn't stop</p> <p>20 the spread of the infection and the best that it can</p> <p>21 do is minimize your symptoms of the disease, not stop</p> <p>22 it, but minimize the symptoms of the disease. That's</p> <p>23 a fact.</p> <p>24 Everybody's who's in the know knows that and</p> <p>25 has said that publicly. They just say it in a way</p>
<p style="text-align: right;">10</p> <p>1 percent of individuals that died during the COVID</p> <p>2 outbreak truly died of COVID-19. Everybody else died</p> <p>3 from heart disease, cancer, diabetes, stroke, car</p> <p>4 accidents, motorcycles, da, da, da, all this stuff.</p> <p>5 And by the way, those real numbers are</p> <p>6 already out there, and the real, real numbers are</p> <p>7 supposed to be laid out by the CDC. Typically, by the</p> <p>8 end of January, they have to put true causes of death</p> <p>9 of individuals from the years before. And then now</p> <p>10 there's this big narrative out there saying that</p> <p>11 you've got a -- two million people have died globally</p> <p>12 from COVID-19. Well, please remember that we're</p> <p>13 mislabeling and falsifying the datas and a lot of</p> <p>14 places are doing it on purpose because they get paid</p> <p>15 for it more.</p> <p>16 The CARES Act and all these other acts that</p> <p>17 are out there have set aside extra money that Medicare</p> <p>18 can pay doctors and, um -- and, um, pay doctors and</p> <p>19 hospitals 20 percent higher, which is a fact -- I</p> <p>20 mean, nobody can deny that. I'm in the hospital</p> <p>21 system. I'm in the health care business. I know if</p> <p>22 we label people with COVID-19, we get paid faster and</p> <p>23 we get a 20 percent bump on our stuff. So it's greed,</p> <p>24 and hospitals and the health care industry is -- are</p> <p>25 really damn good at that. You think it really costs</p>	<p style="text-align: right;">12</p> <p>1 that you don't understand it properly. They say it's</p> <p>2 going to protect you. Protect you how? It's kind of</p> <p>3 more like a Tamiflu than it is a vaccine.</p> <p>4 Now, the only thing that clearly has shown</p> <p>5 that it can stop the spread or the infection -- not</p> <p>6 even social distancing, not even wearing a mask,</p> <p>7 because if you look at states like California and New</p> <p>8 York, well, they've had 97 percent compliance this</p> <p>9 whole time with mask wearing, social distancing, and</p> <p>10 shutting down businesses and, yet, they have more</p> <p>11 infections and more disease than any other states that</p> <p>12 are out there. So that ain't working out. You</p> <p>13 understand that?</p> <p>14 Now, I'm probably going to get shut off in a</p> <p>15 minute, so hit that share button or go to -- go to</p> <p>16 freevitamindeals.com so you can follow us and all that</p> <p>17 stuff. Because here's the deal. They don't want you</p> <p>18 to know the truth. I'm about ready to start talking</p> <p>19 some common sense and all they want to hear is COVID</p> <p>20 sense. So here you go.</p> <p>21 How do you do that? Well, you mandate it.</p> <p>22 You have to make a mandate. Well, they said they're</p> <p>23 not going to mandate it. Well, they also said they're</p> <p>24 not going to mandate wearing a mask, but you can't go</p> <p>25 to the grocery store, you can't go to a doctor's</p>

<p style="text-align: right;">13</p> <p>1 office, you can't go on an airplane, you can't travel 2 the world. You can't do things that bring you 3 pleasure. 4 Now, I just told you people are moved away 5 from pain and towards pleasure. So they're going to 6 scare you to try to move you away from, um, uh, pain, 7 which, you know, a lot of people -- there's 54,000 8 adverse reactions that have been noted in the vaccine 9 adverse reaction site on the CDC of COVID-19 and 10 deaths have occurred from it. And you all are seeing 11 the videos circulating on the internet. That's sad 12 whenever you see these videos of these nurses and 13 these first responders that are really sick, 14 neurological problems and et cetera, people that have 15 dystonic co-kinesthesia where the body is just shaking 16 uncontrollably and yet, they -- and yet, they -- they 17 -- they shut down those people's video on social media 18 and say they're not real. These are people dealing 19 with real disease. 20 And they're saying that it's perpetuating 21 fear. Well, no, it's not. It's perpetuating facts. 22 It takes away your fear. And that's the problem. 23 They want you to be scared. They want you to be 24 scared so that you'll obey. And you understand that, 25 don't you?</p>	<p style="text-align: right;">15</p> <p>1 lockdowns. They're already doing it in DC and a 2 couple other cities as well. But the fact remains is 3 they're going to force you to do this. 4 And FEMA -- how -- what do you think's going 5 to happen if the Federal Government, which means it's 6 a nat- -- it's a national emergency. FEMA only gets 7 brought in in national emergency situations. They're 8 going to force you to get this thing whether you like 9 it or not. So you got to learn how to protect 10 yourself. You got to learn what people supposedly 11 voted for. This is what you voted for. This is what 12 -- what people supposedly voted for was that. 13 Now, let me talk about this vaccine just for 14 a second, which is not really a vaccine. It's more of 15 a -- it's more of a genetic therapeutic. Because a 16 vaccine normally is a live, unattenuated or weakened 17 version of a virus with a bunch of adjuvants. It goes 18 into your body and then -- I'm definitely calling -- 19 I've been red-listed for a long time. 20 Let me tell you something. One of my good 21 friends said to me, if you're not on a government 22 watch list, you're some kind of sissy. And I -- let 23 me tell you something, I'm definitely not a sissy. 24 One of my best friends just got labeled as a domestic 25 terrorist because he was talking about the benefits of</p>
<p style="text-align: right;">14</p> <p>1 Listen, I'm all about freedom to choose, but 2 how can you possibly choose something if you don't 3 know the risk and the benefits? 4 Now, again, how do we mandate a vaccine? 5 Well, it's real simple. They give you a soft mandate. 6 Well, a soft mandate is a mandate that basically says, 7 well, you can't go to school, you can't go to work, 8 you can't get a job, you can't get your tax return, 9 you can't fly in an airplane if you don't have the 10 vaccine. You guys, anybody who thinks that this isn't 11 real is absolutely crazy. They've already starting 12 rolling out the vaccine passports in certain countries 13 and airports. It's coming to America. It's actually 14 here already. They're just waiting for the right time 15 to roll it out. 16 Now, please understand this. What else did 17 this potential person do that's potentially going to 18 be president to get his 100 million vaccines into -- 19 his vaccines into 100 million people over the next 100 20 days? He brought in FEMA. 21 Now, let me say something about that. Wow. 22 Now, you ever heard of something called a FEMA camp? 23 Well, they're already being built all across the 24 country. That's for sure. We're going to be seeing a 25 lot more of them and a lot more martial law and</p>	<p style="text-align: right;">16</p> <p>1 vitamin D3. By the way, vitamin D3 is the only 2 chemical that's out there and that's shown to reduce 3 the spread -- sorry, to minimize the chances of 4 getting infected. 5 Journal of Pathogens -- sorry, Journal of -- 6 Journal of -- Nature Journal 2020 showed that if your 7 vitamin D level is adequate, that you have a 77 8 percent less chance of contracting COVID-19 in the 9 first place, which is why every human man and woman 10 should be taking between 5,000 and 10,000 11 international units a day of vitamin D3. And I've got 12 a free guide -- if you guys go to freevitamindeals.com 13 -- it's freevitamindeals.com -- we've got a whole list 14 of stuff you can do to prevent sickness and disease, 15 viruses, and prevent and treat when -- when you have 16 symptoms. And I've had millions of people download it 17 and use it and it's -- it's very effective and it 18 works. 19 You got to be taking D3 and zinc every day. 20 You should take it, your children should take it. 21 Vitamin D blocks the virus. That's a fact. Nobody 22 can argue that. The FTC tried to shut me down over 23 it. I showed them the papers and they're like, 24 (snapping fingers) shoot, this guy's right, we can't 25 censor him for that because he's right. So you should</p>

<p style="text-align: right;">17</p> <p>1 be taking vitamin D3 every day and you should be 2 taking zinc, but you got to take the right stuff that 3 gets absorbed, that gets used and et cetera in the 4 right combination. Because D3 blocks it and zinc 5 doesn't allow the virus to continue to proliferate. 6 So it actually works better than the -- than any 7 vaccine and you don't really need a vaccine. But if 8 you want one, you should be able to go get one, but 9 you need to know what's in it. 10 Now, let me talk about this vaccine just 11 for a minute while I'm getting into the 100-day plan 12 that this person has rolled out. So check this out. 13 You guys can follow me. Just go to -- just do this. 14 Go to freevitamindeals.com, freevitamindeals.com. 15 That's a -- that's a site that goes to my website, 16 which is ericnepute.com. Nobody can remember how to 17 spell Nepute, but everybody can remember 18 freevitamindeals.com. You should go there, register 19 for our emails and register for our daily info we give 20 out because there's a lot of info we give out. 21 So you should be taking D3, zinc, 22 probiotics, vitamin C every day. I've got a protocol 23 on there for a nebulizer that helps with respiratory 24 stress. It's amazing. I can't tell you how many -- I 25 mean, now, hundreds of thousands of people that have</p>	<p style="text-align: right;">19</p> <p>1 bottles of D3 and zinc. So we're giving that stuff 2 away for free, plus educational classes for free to 3 get healthier. You guys got to go to that site and 4 get it. 5 So here's the -- here's the deal on the 6 vaccine. The studies I just talked to you guys about 7 with Pfizer and Moderna and all that kind of stuff, 8 the deal is this, is, um, uh -- no, listen, if you go 9 to freevitamindeals.com, Diana. Freevitamindeals.com. 10 Go check that one out. 11 So what they found was the polyethylene 12 glycol actually crosses the blood-brain barrier. So 13 it gets in the brain, which is why people are getting 14 Bell's palsy, why they're getting that dystonic co- 15 kinesthesia, which is that uncontrollable shaking. 16 I'm sure you've all seen those videos of the nurses 17 and medical assistants on the internet that have been 18 taken down because they don't want you to know the 19 truth. 20 But think about this, they're going to put 21 FEMA involved with this rollout of these vaccines. 22 That means it's a national emergency. Who's going to 23 pay for this, by the way? Like -- like that's \$1.9 24 trillion. Do you guys know where that money comes 25 from? You know we don't have that money. We've been</p>
<p style="text-align: right;">18</p> <p>1 emailed us and told us how well they did by doing this 2 protocol. 3 But, anyway, here's back on the vaccine. 4 It's not really a vaccine. It's more of a genetic 5 therapeutic. This is an mRNA -- this is an mRNA 6 chemical that goes in your body with something called 7 polyethylene glycol, PEG. And this PEG -- if you go 8 back and look at the animal studies that were done by 9 Moderna and Pfizer back in 2012, they showed that when 10 they give the injection in the arm, that that 11 polyethylene glycol that they tell us that goes away 12 and dissolves, that the vast majority of people are 13 allergic to. I mean, very allergic to to the point 14 where they're having -- it's ten times more allergic 15 than the flu shot. Y'all know that, don't you? 16 Guys, hit that share button. I can see 17 our numbers are starting to drop, which means we're 18 about ready to get cut off because that's the way it 19 happens with us. So you guys got to go to 20 freevitamindeals.com to watch these -- these -- these 21 products or watch these videos and check out the 22 products that you need. And by the way, we're giving 23 away another million bottles of D3 and zinc. Why? 24 Because, well, they told us we can't. So I said, 25 let's double down and we'll give another million</p>	<p style="text-align: right;">20</p> <p>1 off the fiat -- we've been on a fiat currency and off 2 the gold standard for a long time, which means -- fiat 3 means fugazi (whistling), it's fake. It's all paper. 4 It's all zeroes and ones. It's not real. There's 5 nothing backing that -- that -- that -- that money. 6 So where do we buy -- where do we borrow the 7 money from? Does anybody know where we borrow the 8 money from? I know. We borrow it from China and the 9 central banks. And so when China and the central 10 banks loan money to the United States -- let me ask 11 you this. Have any of you ever gone and got a loan 12 before? Any of you ever go get a loan? You know, 13 what do they ask you to put up as collateral? They 14 ask you to put something up, whether it's your house, 15 whether it's your, you know, money, whether it's your 16 stuff, whatever. 17 The bottom line is this, the United States 18 of America has put up collateral and that collateral 19 is our future. What do you mean by that? Well -- 20 well, you got to put up our land. I mean, look at -- 21 look at all the land that's being bought up by the 22 Chinese nationalists. I mean, Texas is getting bought 23 up, Oklahoma is getting bought up. I mean, it's crazy 24 what's really happening. And that's a fact, by the 25 way. And it's completely deflating our dollar. I</p>

<p style="text-align: right;">21</p> <p>1 mean, it's going to -- I mean, it -- it might cost 100 2 bucks for a gallon of gas when now the new president 3 wants you to have \$15 an hour minimum wage. That's 4 not going to do anything other than make people not be 5 able to have more jobs. 6 We're literally moving towards a culture of 7 -- I can't say the word, but it ends in "ism" and it 8 starts with "social." And then I can't say the other 9 word, but it ends with "ism" and it starts with 10 "commu." So because if I say those words, I'll get 11 shut off immediately, which is crazy. 12 So that's what's happening. So, you know, 13 if you look at this thing, a couple other things that 14 are really absolutely just unbelievable -- and I think 15 I've really laid out more of it. But, you know, 16 where's the money come from? I already told you guys, 17 it's coming from the central banks, so it's coming 18 from China. Man, we are completely FUBAR if that deal 19 goes through. 20 How are we going to repay this? You guys, 21 it's not going to affect my generation, our generation 22 as much, but our kids' kids' kids, they're screwed. 23 They're -- they're never going to be able to pay this 24 back. I mean, that's just the way it is. Unless we 25 have a complete reset, they're never going to pay this</p>	<p style="text-align: right;">23</p> <p>1 gosh, what is California, like the third or fourth 2 highest economy, period. And it's gone away and it's 3 going away. And, you know, you think about that, it's 4 absolutely -- it's crazy and it's scary, and that's 5 what's happening. 6 So, you know, our -- those economies, those 7 governors that say we're going to definitely go ahead 8 with the mandates and all this, those economies are 9 going to shut down, people are leaving. I mean, look 10 at -- look at like New York. Look at how many people 11 are moving to Texas, look at how many people are 12 moving to Florida. I mean, the East and West Coast 13 are done. Everybody's moving south now. And that's 14 what's happening because they want to get away from 15 the -- the -- the tyrannical governments. 16 And so, you know, what do we do? 17 People always ask, what do we do? Well, you got 18 to share this message, number one. Number two, 19 you got to -- you got -- guys, I need you to go to 20 freevitamindeals.com. That's freevitamindeals.com. 21 Protect yourself. Stop being so scared. Because 22 when you get the truth and understand the facts and 23 understand how to reduce your health -- or, sorry, 24 reduce your -- your risk for sickness, which is 25 getting your body to a good weight.</p>
<p style="text-align: right;">22</p> <p>1 back. And that's just -- that's just unfortunate, but 2 that's the deal. We're literally looking at a world 3 economic crash because of mismanagement. 4 And what's going to happen is this. You 5 know, with these mandates that are happening -- just 6 mark my words, I'm going to prognosticate to you right 7 now, and I've been right about all this stuff from the 8 beginning, but here's what's going to happen. What's 9 going to happen is this, is there's going to be a 10 federal mandate for masks for the next 100 days and 11 there's going to be a soft and eventually a hard 12 mandate for vaccines. 13 Well, the state law overcedes federal law 14 except for you can't go to state parks, you won't be 15 able to go in state federal buildings, all that stuff. 16 That will be mandated there. But what will happen is 17 you're going to see a huge divide. You're going to 18 see Republican states that are not going to do the 19 mandates and you're going to see Democratic states 20 that do it. And you're going to see those Democratic 21 states, their economies are going to shut down, 22 they're going to be living in filth. 23 They're going to basically turn into like 24 what's happened in California, the wealthiest -- you 25 know, the wealthiest state in the Union. I mean, my</p>	<p style="text-align: right;">24</p> <p>1 That's why we created that reset plan. 2 We've had literally tens of thousands of people just 3 over the last couple months lose thousands and 4 hundreds of thousands -- actually, tens of thousands 5 of pains, which is really cool. 6 But you got to protect yourself, because 7 when the next thing comes -- because what they're 8 saying right now is if you don't -- the modelers are 9 telling us, the same ones that were wrong about the -- 10 the 2.2 million people that are going to die in 11 America, that obviously didn't happen. They're saying 12 now that if we don't hurry up and rush up and get 13 everybody a vaccine, then -- then, well, by March and 14 April, the world's going to shut down again. They're 15 fearing you into that. They're saying, if you don't, 16 then this is going to happen. They have no idea. 17 They're just trying to push an agenda toward you and 18 fear you. 19 You guys, hit that share button, pretty 20 please. People need to hear this. And tag folks on 21 it as well. 22 Those of you that don't me, I'm Dr. Eric 23 Nepute. You guys can follow our real stories at 24 vita -- at freevitamindeals.com or you can go to 25 ericnepute.com or share this message and we'll --</p>

<p style="text-align: right;">25</p> <p>1 we'll send you a private message on this stuff. 2 Now, let me tell you what I do and what my 3 patients do. I literally have hundreds of thousands 4 of people across the country now that are taking high- 5 dose vitamin D3 every day -- by the way, high-dose 6 vitamin D3 helps with energy, helps your immune 7 system, helps your brain function better, helps your 8 body grow, helps your hormones produce, and it's -- it 9 stops viruses from attaching to your cells in the 10 first place. 11 We put everybody on high-dose vitamin zinc 12 as well. It's a mineral that's the number one 13 deficiency on the planet. Uh, and when you are 14 deficient in this, your testosterone and hormones go 15 down and your brain can't function. There's 300 16 different enzymatic functions that -- that -- that 17 zinc does that you need to -- you need to have in your 18 system. Zinc also stops viruses from proliferating, 19 which means they can't regenerate and grow. 20 And then -- and that helps keep your brain 21 and your mind right. If your brain and your mind, 22 right, are good and you -- and you have energy, then 23 you can fight back, right? You don't have to -- you 24 don't have to be scared if your brain and -- you're 25 like, well, of course this is stupid and it doesn't</p>	<p style="text-align: right;">27</p> <p>1 an "iontofer." It allows minerals to get in your 2 system. That's important. 3 Jennifer, if you have questions about 4 nutrients, go to that freevitamindeals.com. Go 5 download that -- that protocol there. 6 But that's what's happening right now. It's 7 absolutely crazy and we just decided to up our game 8 again because, you know, if the world is ending, I 9 want to make everybody as healthy and happy and joyful 10 as we can. And so we just decided we're going to -- 11 we just purchased another million bottles of D3 and a 12 million bottles of zinc to give to everybody for free. 13 Y'all can have that because I need you to understand 14 how much better you're going to feel and how much 15 better you do if that's there. 16 So think about all this crazy stuff 17 happening in the world and how much you've been lied 18 to. You know, let me read one more thing because 19 every time I read this, I get shut off. So this is 20 going to happen. I'm going to get shut off here in a 21 minute. But I'm going to read this because this is 22 important. 23 The 350,000 deaths that you've been told 24 that have happened from COVID-19 that have been over- 25 labeled, over blown out, blown out of proportion, the</p>
<p style="text-align: right;">26</p> <p>1 make sense to you and that's because you're balanced. 2 You should be doing, uh, vitamin C every day 3 to bowel tolerance. You should be doing, um -- you 4 should be doing, um, probiotics. And then if you go 5 to that protocol, that freevitamindeals.com -- it's 6 freevitamindeals.com -- you can go there and there's a 7 free flu and cold and virus prevention and treatment 8 protocol. Every man, woman, and child should have 9 that. They should print that off, put it on your 10 refrigerator. Give copies to your friends and family. 11 Take a text of it. Send it to people. Picture of it 12 and send it. Because people need to know what they 13 can do. I've got hundreds of thousands of people that 14 are doing it and doing amazing with that. 15 And then I put together a free course. It's 16 a 12-video series on how to de-stress and how to get 17 yourself healthier. That's the key. Man, it's so 18 important to do that. Twelve-video series for free to 19 teach you how to get better. That really ticked off a 20 lot of doctors because, well, if you're not sick -- 21 fat, sick and nearly dead, then you're not living in 22 fear. So I'm just trying to help get rid of the fear. 23 And then, you know, 99 percent of my 24 patients take this immune system pack that I created 25 that has Quercetin in it. High levels of Quercetin is</p>	<p style="text-align: right;">28</p> <p>1 CDC even claims that only 6 percent of people really 2 died from COVID-19, not just with it. So let me read 3 this list to you. Here's the list. Write this down 4 or share this, you guys. 5 Here's what we have. 87,000-plus people on 6 this list from the CDC died from pneumonias and flus, 7 17,000-plus died of chronic respiratory disease; 8 26,000-plus people died of respiratory distress 9 syndrome; 44,000-plus people died of hypertensive 10 disease but were labeled as death of COVID; 25,000- 11 plus people died of heart disease that were labeled as 12 a COVID death; 28,000 people plus died of 13 cardiovascular risk or heart attacks that was labeled 14 as COVID. If you look, 15,000 people actually on the 15 list from the CDC, on the list from the CDC actually 16 died in hospice care that were labeled as a death from 17 COVID-19. 18 Again, the CARES Act that was put in in 19 March gives a 20 percent bump in bonus to doctors and 20 -- I told you it was going to freeze because I started 21 talking about the CDC. This cracks me up. Y'all 22 understand the suppression is real? You guys see 23 that, don't you? I told you. 24 So go to freevitamindeals.com. I am the 25 most suppressed doctor in the world and I'm proud of</p>

 21 And I just say right now in the name of Jesus that we
 22 bind up sickness, disease, ignorance, stupidity. We
 23 bind up lack and disease and we loose happiness,
